## **1. S-Booster objectives**

S-Booster, is a space-based business idea contest launched in 2017.

A wide range of business ideas are submitted by entrepreneurs, students, individuals, members of different industries, and others who are aiming to start businesses or launch new projects. For excellent ideas S-Booster provides the following support for commercialization.

- Brush up your ideas with experts
- Business matching opportunities
- Prizes and prize money for funding activities in the initial period

From 2019, application area is expanded to the Asia-Oceania.

## **2. Organizer**

S-Booster 2021 is operated by the S-Booster 2021 Executive Committee, comprised of the Cabinet Office, Government of Japan; Japan Aerospace Exploration Agency (JAXA); and New Energy and Industrial Technology Development Organization (NEDO).

Host: Cabinet Office, Government of Japan

Co-hosts:

- Japan Aerospace Exploration Agency (JAXA)
- New Energy and Industrial Technology Development Organization (NEDO)

Local host:

- Geo-Informatics and Space Technology Development Agency (GISTDA), Thailand

Supporters (TBC):

- Ministry of Internal Affairs and Communications (MIC)
- Ministry of Education, Culture, Sports, Science and Technology (MEXT)
- Ministry of Agriculture, Forestry and Fisheries (MAFF)
- Ministry of Economy, Trade and Industry (METI)
- Ministry of Land, Infrastructure, Transport and Tourism (MLIT)
- Ministry of the Environment (MOE)
- Japanese Meteorological Agency (JMA)
- Multi-GNSS Asia (MGA)

Organizer: S-Booster 2021 Executive Committee  
(comprised of the host and co-hosts)

S-Booster 2021 is supported with sponsorship fees.

Sponsors (Japanese syllabary order):

- NTT DOCOMO, INC.
- SKY Perfect JSAT Corporation
- Sony Corporation
- The Dai-ichi Life Insurance Company, Limited
- Honda R&D Co., Ltd.

### 3. Application information

#### 1) Application Process

Submitted space-based business ideas will undergo document screening (Round 1) and presentations (Round 2). Afterwards, Finalists will brush up their ideas with business-related advice from experts, called “mentoring,” and receive support for commercializing their ideas. At the Final Round, their brushed up business ideas will be reviewed by investors, business companies, and others interested in the space field, and excellent ideas will be awarded prizes. They will be business matching opportunities with investors, business companies, and other parties to support your future creation of new businesses. The process from idea submission to the Final Round is as follows.

Refer to #4 on page 8 for the details of each process.

#### (2) Application period

Tuesday, March 23 – Thursday, May 20, 2021 (must arrive by 5:00 p.m. JST)

### **(3) Eligibility**

Individuals or teams in Japan and the Asia-Oceania region may enter the contest, regardless of whether they are affiliated with a company, university, etc.

(Applicants not of legal age must be registered as part of a team with adults).

#### **[Please note]**

- **Applications for business ideas that clearly have no intention of commercialization will be excluded from the selection process.**
- **Ideas that have already received funding (\*) from an institutional investor, and those that have already been commercialized, are not accepted. Please note that you will lose your eligibility to participate, and be regarded as having withdrawn from the contest, if you receive funding from an institutional investor while participating in the contest.**
- The following may not be eligible: criminal groups; persons with any past or present relationships or communication, either direct or indirect, with criminal groups (including dealings, money payment, and provision of favors); persons who are members of criminal groups; persons in communication with criminal groups who are selected by executives, hired as employees, or involved in management.
- In addition to the above, any applicant recognized as unsuitable by the Executive Committee may have their eligibility revoked by the decision of the Executive Committee.

(\*) Ideas funded by an angel investor are accepted.

### **(4) Application categories**

Applications are accepted from Japan and the Asia-Oceania region.

<Japan>

Submit your idea in Japanese using the Japanese-language form. The Round 2 (Japan Round) presentation and question-and-answer session will be conducted entirely in Japanese.

<Asia-Oceania region>

Submit your idea in English using the English-language form. The Round 2 (Asia Round) presentation and question-and-answer session will be conducted entirely in English.

\* The Final Round presentation can be conducted in either Japanese or English, regardless of the language used in the Round 2 presentation.

\* Regardless of the language used in the Final Round presentation, you will be asked to submit presentation materials in either English only or in both Japanese and English. Please contact the Secretariat if you would like language-related assistance.

## (5) Themes

Ideas are accepted on following themes.

These ideas can be already verified, or can be technologies to be created in the future, etc.

It is not guaranteed that companies proposing themes will provide support for these business ideas.

Themes (click the link for more information of Sponsors theme)
1 Business idea that utilizes space *
2 NTT DOCOMO, INC. <a href="#">A new way to "connect" space and the earth to enrich people's lives.</a>
3 SKY Perfect JSAT Corporation <a href="#">Our Unlimited Vision, Your Practical Value.</a>
4 Sony Corporation (2021.4.1- Sony Group Corporation) <a href="#">listens (senses) to the silent voices of all things in nature and prevents undesirable events in advance</a>
5 Honda R&D Co., Ltd. <a href="#">Intelligent Ground Mobility Robot and Vehicle Utilizing Information from Space</a>

\* Applications from the Asia-Oceania region must include collaboration with Japanese companies, organizations, etc., or must use Japanese space equipment and space systems (launch vehicles, satellites, services, etc. from Japanese institutes and companies).

Example) Quasi-Zenith Satellite System (QZSS), Tellus, etc.

\*\* Please see the website for more information.

S-Booster 2021 website (Japanese): <https://s-booster.jp/2021/#sponsortheme>

S-Booster 2021 website (English): <https://s-booster.jp/en/2021/#sponsortheme>

## (6) Requirement

The required information is the same for all application categories and themes. Please see the online application and the Appendix ; Application Information Review Form for details about the required information.

Item	Required information
Applicant overview	○ Applicant's brief biography, profile, etc. ○ Requests for commercialization assistance Etc.
Business idea overview	○ Business idea name ○ Theme ○ Field ○ Background/awareness of issues that inspired the idea (100 words or less) ○ What will you do, how, and for whom? (300 words or less) ○ Expected sales/required costs/commercialization schedule (100 words or less) ○ Differences from existing products/services (advantages from differentiation and unique qualities) (100 words or less) ○ What kind of effects throughout society can be expected from the business (improving citizen lives, innovating/developing social systems)? (100 words or less) Etc.

### \* Handling of information that must be kept confidential

If your application contains information that is determined as having the possibility to result in harm due to your application, such as patent application reasons, please take measures on your own to maintain confidentiality (such as concealing information).

## (7) How to apply

- Refer to (4) Application categories, then fill in the applicable online form.  
S-Booster 2021 Application form (Japanese): <https://sb2021.s-booster.jp/form/>  
S-Booster 2021 Application form (English): <https://sb2021en.s-booster.jp/form/>
- You may attach **up to two A4-sized (Less than 5MB)** PDF pages as supplementary materials (any format). Please note that, if you submit three or more A4-sized pages, they will not be accepted and your application will be judged without any supplementary materials.
- No applications are accepted via other methods (e-mail, postal mail, etc.). All applications sent to the Secretariat, etc. will be regarded as invalid.

## (8) Special notes on application

- The application deadline for both Japan and the Asia-Oceania region is **5:00 p.m. (JST) on Thursday, May 20, 2021.**  
Make sure to send your application and receive the application confirmation e-mail by 5:00 p.m. (JST). No applications will be accepted after the deadline for any reason.
- It is expected that many people will submit applications right before the deadline, resulting in server congestion. Please ensure sufficient time to enter.
- One person (or one team) may enter multiple ideas. The maximum is **10 ideas per person or team.**

### <Notes about the form>

- The application form has no save function. We recommend using the Appendix ; Application Information Review Form to save your application information.
- Please note that the session will time out in three hours after opening the application form page, and the information you entered will be erased.

## 4. Selection process

Submitted ideas will undergo document screening (Round 1) and presentations (Round 2). Finalists that pass Round 2 will be given mentoring opportunities with experts (Mentors). The Grand Prize and other prize winners will be selected based on presentations in the Final Round (which is open to the public).

Annual schedule (plan)

Application period	Tuesday, March 23 – 5:00 p.m. on Thursday, May 20, 2021 (JST) Please note that applications from the Asia-Oceania region must be also submitted by the deadline of <b><u>5:00 p.m. on Thursday, May 20, 2021 (JST).</u></b>

- **JAXA Prize: 1 (awarded by JAXA)**

Supplementary prize: Six months of hands-on support and special feature in a JAXA publicity media

## **7. Rights to ideas, etc.**

### ● **Intellectual property rights to submitted ideas**

- The copyright and other intellectual property rights to submitted ideas belong to the applicant.
- Submitted ideas must not infringe on the copyright or other intellectual property rights of a third party. If the Executive Committee judges there is the risk that a submitted idea infringes or may infringe on the rights of a third party (including infringement after application), the prize may be revoked, even after it is awarded.

### ● **Summary, translation, etc. of submitted ideas**

Please be aware that information written in the application form, coverage of Finalists at the Final Round, and other information may be used by the host for publicity and PR in magazines, books, websites, e-mail newsletters, and other mediums. Accordingly, the information written by the applicant may be partially changed, including summary and translation.

### ● **Progress reports after winning**

- Winners will be given opportunities to continually promote their efforts, such as reports at governmental space-related events, about their progress after winning the prize.
- In addition, winners may be asked to report on how they spent the prize money after winning.
- Applicants who participate in Round 2 and the Final Round may be asked for information about what they do afterwards, regardless of whether they win any prizes.

### ● **Handling of personal information**

#### 1. Purpose of using personal information

The S-Booster 2021 Executive Committee Secretariat (“Secretariat”) uses personal information obtained from applicants to S-Booster 2021 (“this contest”) for the following purposes. Personal information will not be used for other purposes except with the consent of the applicant.

1. Operation of this contest
2. Contacting the applicant (confirmation of registered information, inquiries, notification of judging results, etc.)
3. Public announcements of judging results and prize winners
4. Media coverage of applicants
5. Other purposes as notified or clearly explained when the information is obtained

## 6. Other purposes related to the above

### 2. Provision of personal information to third parties

In principle, the Secretariat will not provide the applicant's personal information to a third party without the applicant's prior consent.

### 3. Contracting the processing of personal information

The Secretariat may contract a corporation or other external party to do some personal information handling tasks according to a non-disclosure memorandum concluded with the Secretariat.

[Contact for personal information handling]

Please contact the following for questions, etc. about the Secretariat's personal information protection policy and personal information possessed by the Secretariat.
